Subject: IMPORTANT ANNOUNCEMENT FROM NMLTA PRESIDENT - 2021 OSI BIENNIAL HEARINGS

November 23, 2021

Message from NMLTA President, JW Baldock

RE: Biennial Hearings

[Order Scheduling 2021 Biennial Rate Case Hearing Notice of Proposed Rulemaking](#)

Greetings all!

As many of you know, 2021 is our Biennial Rate Hearing with the Office of the Superintendent of Insurance to determine our rates for the next cycle. As with previous rate hearings, the NMLTA has been working very hard to put together the best possible testimony in defense of our industry. The Biennial hearing is set to begin on Tuesday, November 30, 2021 at 9:00 a.m., at which time the parties will enter their appearances and witnesses will be sworn in. The hearing will then be recessed and will reconvene on January 4, 2022 for witness testimony and will continue each business day through January 10, 2022. This will be a virtual hearing and I have provided the link information below:

A virtual public evidentiary hearing shall be held on November 30, 2021 at 9:00 a.m.

Join via Video: <https://us02web.zoom.us/j/2916274744>

Join via telephone: 1 312 626 6799

Meeting ID: 291 627 4744

Additionally, there will be a separate hearing for the Adoption of Amendments to the Title Insurance Regulations that will commence on Monday, November 29, 2021 at 1:30 p.m. The purpose of this hearing is primarily for cleanup to the Regulations that went into effect in January, 2021. At this time, the NMLTA is not proposing any additional revisions, corrections or adoptions, as we plan to petition for an additional Rule Hearing in early 2022 for the purpose of our request for adoption of new Policy and Endorsements forms. As with the Rate hearing, this hearing will also be a virtual hearing and the link is provided below:

Join via Video: <https://us02web.zoom.us/j/2916274744>

Join via telephone: 1-312-626-6799

Meeting ID: 291 627 4744

We ask that anyone that is available to please join either or both of the virtual hearings in order for us to provide a face of our industry to OSI!
